Featuring: **MARATHON COMPACTORS /** Waste Handling & Recycling

Marathon is the leading manufacturer of high-quality waste handling and recycling equipment, such as stationary and self-contained compactors. **Marathon** started in the late 1960's with the first RamJet compactor and continues building trust with honesty, integrity, and hard work.

Marathon offers a wide range of units to meet the needs of a variety of industries based on their individual needs:

Stationary Compactors: Utilized for weekly volumes of MORE than 100 cubic yards of un-compacted dry waste materials – for: stadiums/arenas, malls, warehouses, convenience stores, shopping centers, office complexes & distribution centers.

Perks: Control's pests and improves housekeeping; reduces labor costs and disposal fees; requires less space for storage; and eliminates odor.

Self-Contained Compactors:

Utilized for weekly volumes LESS than 150 cubic yards – for shopping plazas, restaurants, cafeterias, fast food locations, schools, and nursing homes. More than 100 cubic yards – for malls, shopping centers, food processors, large supermarkets, large hotels/motels, and hospitals.

Perks: **Marathon's** patented CYCON Life-Xtender Cyclic Control System does not require limit or pressure cycle control switches; also reduces trash removal costs by producing superior payloads; rear door retains wet waste: containers are factory tested and certified leak-free.

MARATHON

Our MN Location is MOVING!

In December, our Armor Minnesota branch will be moving from Elko MN, to Lakeville MN.

In September we acquired the Dakota Truck location in Lakeville, and it only makes sense to combine both locations into one!

We will continue to offer Sales, Service, and Parts for Tymco, IBAK Rapidview, and Multihog, along with medium and heavy-duty truck and trailer repairs. Including, refurbishments and nationwide sales of used street sweepers.

New Address:
21450 Humbolt Ct
Lakeville MN 55044

Super Proud Moments!

Tom Hay, Iowa Territory Sales Manager, **Won the IBAK RapidView Sewer Camera Salesperson of the Year Award.**

And, as a Company, *Armor* Won the **Dealer of the Year Award!**

Our buttons are popping for our entire organization - what a great accomplishment for our Sales, Service and Parts Departments.

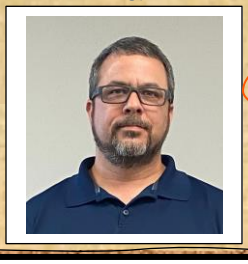
Nice Job *Armor* Peeps!

This is the Good Stuff!

Face with a Name:

Meet Justin Hanson

You many recognize this guy - Justin works super hard as our Territory Sales Manager for Western & Southern Kansas – which is a whole lotta counties to cover!



Our Locations will be **CLOSED** for Christmas on Dec 24th & 25th and for New Year's Day on Jan 1st
We wish everyone a happy holiday season!

Our 2027 Armor Wall Calendars are In-The-House! Call for yours today!

We've got a New Little Addition to our Arnold Service Dept –

Kat Hargis and her little family welcomed Baby Girl Adelaide!

Refuse/Recycling Industry: If you are in search of an UNDER CDL Solution – let us introduce the

HYVA 9-, 11-, & 13-Yard Refuse Bodies.

Offering low maintenance cost, along with working the smallest streets, up until the highest payload, and the most efficient compaction.

We currently have a New 11YD HYVA on a 2026 FRT M2 Chassis, with Reever, Kick Bar and Cart Dumper.

Ready to Clock-In!

Operation Christmas Child

All our *Armor* locations gladly participated in this worthwhile project again, this holiday season!

Shoeboxes filled with gifts, personal hygiene items, and toys for children all around the World!
