**Armor Now Proudly Offers**

### **Hydro-Spade Vac Units**

Often the job you are doing requires a  
SMALLER VAC UNIT and  
YOU SHOULDN'T WASTE PRECIOUS TIME  
AND MONEY TO GET THE JOB DONE!

**Hydro-Spade** packs the power you need into  
their mobile Vac Units. Each unit is built with  
simple systems and trusted, quality parts  
that last in the toughest weather conditions.

With the **Hydro-Spade** Trailers, you can work  
on any site and stay there until the job is  
done. Trying to maneuver larger equipment  
around tight job sites is not always a recipe  
for efficiency. When your job requires a  
smaller unit **Hydro-Spade** Vac Trailers  
maximize versatility without compromising  
on dependability!

### **Standard Hydro-Spade Vac Unit Features**

- \* **Debris Tank Available Sizes** - 400/600/800 Gallon.
- \* **Clean with Ease** - Convenient rear access door, 6" drain valve and blower filtration can be cleaned quickly with a water pressure wand.
- \* **Maximize Payload** - A Specialized balanced weight distribution design allows balance sensitive trucks to maximize payload.

We have  
Hydo-Spade  
600 Units  
ready to  
Demo Today!

- \* **Reduce Noise** - Enclosed blower compartment helps minimize blower noise.
- \* **Protect your Equipment** - Positive Shut Off and filter with spun bonded filter cartridges provide great protection for the blower unit.
- \* **Enjoy Easy Operations** - Conveniently located hydraulic operating controls and a wireless handheld controller for boom functions.
- \* **Navigate Winter Conditions:** Heated wash cabinet, and water lines, to prevent freezing water system.
