ST. LOUIS (636) 296-7119

STL TOLL FREE (800) 777-2766

KANSAS (913) 839-1777

## Featuring: Petersen Grapple Trucks

### The Peterson Lightning

**Loader** Grapple Trucks are the safer and more efficient way to load bulky trash items like furniture, white goods, logs and branches.

Also, these units are a great tool for illegal dump site cleanup, sidewalk removal and storm debris damage.

Grapple trucks compliment both automated and non-automated fleets perfectly.

They make a multi-person job, a one-person task. With that comes safety and efficiency - something all operations seek. Grapple trucks can change your collection operation. The units are designed to reduce costs and worker injuries. One (1) operator in a truck can now lift thousands of pounds by him/herself without ever having to actually touch the debris.

### The TL-3 Lightning Loader model offers:

- Lift capacity of 3,200lbs at 20-ft extension
- At 10ft. maximum lift capacity is 7,100lbs.
- 20-ft reach, 24-45 cu yd. body sizes available
- Single operator can load, haul, and dump

June 2018

## Check it out: Wastequip Roll-Off Containers (You probably need 1 or 2 of these – you know you do!)

**Wastequip rectangular open top roll-off containers are our most durable, heavy duty containers.** They are designed for the most demanding waste hauling and scrap collection jobs. These Containers are Available in 20, 30 or 40 cubic yard sizes.

### Construction:

- Durable outside rail understructure makes them ideal for hauling heavy refuse or scrap material
- Extra heavy duty models available for construction and demolition applications
- Variety of hook configurations to match hauler needs
- Ladder mounted to the front
- Two 8" x 8" greasable wheels (option of 4)

### Standard Duty

- 7 gauge floor with 12 gauge sides
- 6" x 2" x 3/16" rails

### Heavy Duty

- 1/4" floor with 12 gauge sides
- 6" x 2" x 1/4" rails

### Extra Heavy Duty

- 1/4" floor and 7 gauge sides
- 6" x 2" x 1/4" rails

### Door:

- CAM or ratchet style rear door closing device securely closes the container
- Heavy duty rear door hinges with grease fittings

### Options:

- 4 wheels; various understructures and size configurations available. *Also, numerous Color options are available!*

Please contact our Armor Sales Department to discuss which containers will help meet the needs of your customers! Toll-free: 800-777-2766
