

Sales, Service and Parts for Trucks & Heavy Equipment

MISSOURI / ILLINOIS (636) 296-7119 KANSAS (913) 839-1777

Featuring: **HEIL's COMMAND-SST Automated S/L**

Introducing the **Command-SST™ Automated Side Loader** New for 2020. With the **Command-SST**, operators, maintenance technicians and fleet owners all benefit from a side loader designed to deliver improved safety, ease of operation, maintenance simplicity, and enhanced productivity combined with fuel economy. This Unit was built with an Electric Chassis in mind!

Benefits of this Unit Include:

The Body-Mounted Arm – easy to service and produces less cab rocking than other arms.

Has a 3-Axis Arm - which allows for above grade and below grade can access.

Long, slender, straight grabber geometry – gives you the ability to reach in tight places and spear cans. **Can Weighing**: Ability to set max threshold of 350lbs - will halt the lift automatically if cart is overweight. **Joystick Functions** – Can Shake, Pick Height, Pick Angle. Functions can all be adjusted and used via the 5-button joystick.

Features a significant reduction in lubrication points – they are in easy to reach locations at ground level.

New-to-Us Staff:

Travis Thomas / StL Diesel Mechanic /
Fleet Maintenance / Fabricator

Welcome to our Armor family Travis!

THE COMMAND-SST™ BY HEIL®

Design, performance, and reliability that just delivers!

***Reduced Wear Parts** – because of fewer moving parts.

***Higher Payload** – reduced weight in the body allows add'l ton of payload.

***Fewer Grease Points** – maintenance is reduced.

***Operator Productivity** – features like above/below grade capacity, as well as the Rotary Actuator keep the operator in the cab and the routes productively serviced no matter what conditions arise.

Armor Equipment is Celebrating 50 Years!

Armor is a full-service dealer and service center for private and municipal refuse and street sweeper customers. Located in St. Louis since 1978, Armor distributes a full line of new and used equipment, including refuse trucks, tynca street sweepers, Calvera roll-off bins, carts, containers, and compactors. The parts department is stocked with new OEM and aftermarket parts for all types of vehicles.

Armor Equipment is recognized as a leader in the industry because of its dedication to high quality standards. Armor has two locations to better serve you - Arnold, MO and Olathe, KS.

 Parts turned the BIG 40!!
 Whoop Whoop!

We are Super Excited! We have purchased another building.... on our block!

The StL Location is adding a stand-alone **Sales Center**. We have been outgrowing our current location for some time, so when the opportunity arose to acquire another building, we jumped at it!

Armor's SALES CENTER
 COMING SOON!

With our new **Sales Center** we have added an additional 4,800 square feet to our Campus – equaling 6.4 acres and 20,432 square feet of building space! **Rock On!**

We're Expanding.... Means We're HIRING!

In our StL, MO location, we are looking for:

- Diesel Mechanic
- Welder / Fabricator
- Parts Counter Person

In our Olathe, KS location, we are looking for:

- Shop Foreman

So, if you know of anyone interested in joining our **Armor family**, please contact us at Tripp@armor-equip.com
